

1/29/18

Dear Mustang Parent and Student:

It is already time to start considering classes for next year. This being the case, I wanted to provide you with as much information as possible. Below is the expected timeline and process we will be using.

- All Students will meet individual with a staff member to review their course selections.
- Full time Buckeye Students that are currently Juniors will not participate in this process at this time, unless they have already made the decision to return to Claymont High School for the 2018-2019 School year. Their scheduling will take place at a different time.
- Current 10th graders who are interested in going to Buckeye next year will fill out the course selection sheet and will also indicate that they would like to go to Buckeye in the appropriate space on the sheet.
- Students will need to review the course description book online to determine what electives they want to sign up for.
- Course selection worksheets will be handed out in homeroom and they can also be found online. Please make sure to have the students bring a completed worksheet on their scheduling day.
